On 11th August, the Footy Focus Students were lucky enough to attend a closed West Coast Eagles training session as they prepared for the Western Derby. Two Eagles players talked to the students about their experiences and how they became involved in the game. Students were also lucky to get their autographs. The students displayed exemplary behavior on the train and while at Domain Stadium.

A range of classes were introduced to “Rick the Rock” who is the mascot for the West Coast Eagles. Rick visited our school on Wednesday 5th August to deliver a very important message on healthy eating and how to keep our bodies fit. A follow up visit with the Pre Primary students on Wednesday 12th August had an Eagles player instruct the students on kicking, bouncing and handballing skills.

Thank you to the West Coast Eagles for your support of our school.

Book Week Dress Up for rest of school
Hi everyone,

I begin today by congratulating two of our teachers, Narelle Scott and Brigit Wall, who were recently acknowledged for the work they have done in promoting Australian Rules Football in schools.

Narelle was announced as the ‘Most Outstanding Primary AFL School Ambassador’.

Brigit was announced as the winner in the “Outstanding Multi-Cultural AFL Program’.

We have some very passionate and talented people on staff.

Clean Loose Parts Wanted for our Playgrounds.

One of the features of our playgrounds is the opportunity for children to develop language and social skills, creativity and resilience through loose parts play and nature play spaces.

We now need your help in replenishing our stock of loose parts for our children to play with. We are looking for items such as pots, pans, plastic or metal plates, buckets, crates, tubs, car steering wheels, go cart wheels, vacuum cleaner hoses, old machines such as coffee machines (with electrical cords cut), curtains (without hooks), large pieces of (clean) fabrics such as sheets, nets, tarps and dress ups (hats, scarves, jackets etc).

If you have any of these to donate please drop them into the school during normal school hours. Thanks to the people who have already brought things in for the students to play with.

We are also looking for natural materials to supplement our nature play opportunities. In particular we are after rocks, both smooth and rough approximately 300mm in diameter and a variety of logs. If you can help with these please call me on 9523 0071.

2016 School Year

Planning is well underway for the 2016 school year.

Teaching positions for next year are now advertised on the JobsWA website. The closing date for these applications is Friday 28th August.

Two transportable classrooms have been ordered and approved and will be in place early Term 4 and furniture has been ordered for these new rooms.

If you know of people planning for their children to attend our school next year but who have not yet applied to enrol please encourage them to do so as soon as possible.

Run.. Run.. As fast as you can.....

This term the Pre-Primaries have been learning about fairy tales. A few weeks ago EC 3 made Gingerbread Men. We looked at the different ingredients needed and the different steps to make them.

When we came in from recess ready to eat them, Mrs Passmore went to get them from the oven and they had run away! They left us clues and crumbs all over the school to find them. We went to the Kindy classes, the Library, the front office, Mr Clark’s office and finally found them in Mr Crocetta’s office. He was just about to gobble them all up with his coffee but luckily we found them just in time. They were delicious!

Each week the teachers act out the fairy tale we are learning about. Last week we were very lucky and had a special guest actor come down and be the Big Bad Wolf from Little Red Riding Hood, can you guess who he was?

POWERful messages for students.

On the 5th and 6th of August our Pre Primary to Year 6 students had the opportunity to meet with Terry from Western Power who presented a workshop called “Shock Proof”. The workshop encouraged active learning and class participation in a fun and engaging presentation. Terry covered topics such as how electricity works, how we come into contact with electricity everyday, the dangers of electricity and how to be energy efficient. The program encourages a new generation of energy efficient people to protect the future of our planet. Students were able to learn energy efficiency techniques to use at school and at home.
From Wednesday 15th of July to Tuesday 8th September 2015, when you shop at Woolworths you will be issued with some Earn and Learn Stickers. These are to be stuck onto a sticker sheet also available from Woolworths and then put into the collection box in Reception at Tuart Rise Primary School. There are thousands of educational resources available depending on how many completed forms are returned to us.

### Asthma First Aid

Children with asthma can quickly become seriously ill. Asthma needs to be taken seriously. A child with a serious asthma attack may not sound wheezy, but may be pale, quiet and/or breathing with quick shallow gasps.

If someone is short of breath and wheezing from asthma, follow his or her Asthma Management Plan, or these first aid steps:

**Step 1** - Sit the person upright, remain calm and help the person stay calm. Do not leave the person alone.

**Step 2** - Quickly give four puffs of a reliever puffer (blue puffer), one puff at a time. This is best given through a spacer. Ask the person to take four breaths from the spacer after each puff. Use the puffer on its own if no spacer is available.

**Step 3** - Wait four minutes. If there is little or no improvement, repeat steps 2 & 3.

**Step 4** - If there is still little or no improvement, call an ambulance immediately - 000.

Continue to repeat steps two and three while waiting for the ambulance.

Do you view our newsletter electronically?

Our newsletter is starting to get lengthy as we include both school and community based information. Eventually our newsletter will only be available electronically and we will phase out the hard copy sent home with the oldest student from each family. Starting this week, only a 4 page shortened version will be sent home and the full newsletter will need to be viewed electronically. This can be done by email, Connect, Skoolbag App or our website. Please contact administration if you required assistance viewing our newsletter in any of these formats.

The lost property box situated outside the library is getting full. Please ask your children to have a look if they have lost any belongings.

These fundraising products are unique as they will feature artwork designed by your child, and will provide a lasting memento for you to give as a gift or keep for yourselves. Prices start as low as $10 for a poster!
